

## 4 types of financial support

### 1 CASH SUPPORT FOR SINGLE PEOPLE: 10,000 DKK

Cash support for single people is given to people who do not support minor children in their home country. This support is **paid in six monthly instalments**. Your use of the cash does not need to be documented. You don't need to save receipts for your expenses. The cash support can only be paid in monthly stages. Ask your contact person at CMM for more details.

### 2 CASH SUPPORT FOR FAMILY PROVIDERS: 20,000 DKK

The cash support is meant for persons with minor children dependent on them in their country of origin. The cash support will be paid in six monthly instalments. The use of support does not need to be documented, but you must have **documented proof that you are the primary family provider for minor children**.

### 3 REINTEGRATION SUPPORT FOR AN ADULT: UP TO MAX 40,000 DKK

This support is given to all who have quickly accepted a voluntary return. The highest amount of reintegration support is 40,000 DKK. **The highest amount of support is only given out if the person agrees with a voluntary return immediately after official identification as a trafficked person.** This cash amount will reduce as your case gets delayed due to court appeals for an extended stay. The support amount can reduce to 10,000 DKK depending on how long your case has been delayed due to appeals. The reintegration support cannot be paid in cash to the applicant. This support is paid out depending on the individual's needs. Expenses to the following must be documented with official receipts on education, small business, housing or healthcare.

### 4 SUPPORT FOR CHILDREN (PER CHILD): 9,000 DKK

This support can only be given to minor children, dependent on the applicant. **The support must only benefit the child's needs and cannot be used for the adult's business.** It can be used, for example, to pay for the child's school supplies, school, and expenses aimed to benefit only the child. Costs must be documented with receipts.

## PREPARE FOR YOUR TRAVEL

#### ★ Get help with your travel papers

The Danish Return Agency and CMM are the ones who will organise your travel papers. They pay for all the expenses regarding your airline tickets. They will also arrange an escort to the airplane if this becomes necessary.

#### ★ Get help to renew your passport

CMM or the Danish Return Agency can help you get a passport if you/the applicant needs one renewed.

#### ★ You can request HopeNow at the airport

CMM and the Danish Return Agency will also accompany you on your travelling day at Kastrup Airport. **You may also request HopeNow to accompany you on that day.**

#### ★ A local aid organisation can receive you

When you land with an airplane in your country, you can expect a local aid organisation to receive you upon arrival. Sometimes, this local organisation can help you arrange further transport from your home country to your final destination. **Please ask your contact person for this opportunity.**

## WHEN YOU FILL OUT THE APPLICATION FOR FINANCIAL SUPPORT WITH YOUR CONTACT PERSON

### ★ Fill the application with your contact person

After your Interview with the contact person from CMM, CMM and the Danish Immigration Department will decide on your status in Denmark. If you have been officially identified as a victim of human trafficking and wish to receive support. In that case, you **must complete the Danish Return Agency's application form for voluntary return and reintegration** in your home country with the contact person from CMM.

### ★ Describe your plans for support

In the application form, you/the applicant must describe what you plan to use the financial support for.

### ★ Describe safety problems in your country

You must discuss all issues about your personal safety and any desired assistance in this connection with your contact person from CMM

### ★ Describe any risks to reintegration

You must write down your concerns/troubles so the contact person can inform the Danish Return Authority in writing/email. Your problems can include economic, health and other conditions that pose different risks to successful reintegration in your country of origin.

### ★ Check-in with your contact person before returning to your country

You can check in with your contact person 1-2 times more before returning home because they are responsible for organising your travel back and reintegration. A local NGO in your home country can also be involved if you want. It is up to you. HopeNow can recommend some local NGOs in Nigeria and Kenya.

### ★ Arrange two online meetings with the local aid organization

HopeNow recommends that you have at least 1-2 online meetings with this local NGO in your home country, along with HopeNow or your contact person from CMM, before your departure.

### ★ Document your health problems

It is important that you, as early as possible, tell your contact person from CMM if you have medical or other needs that may affect your journey and reintegration. If you can document your health problems, you may be eligible for additional financial support. But this is not guaranteed.

## REINTEGRATION IN YOUR HOME COUNTRY

### ★ The cash support is paid in installments

The financial support is only paid over 6 months. The 6 months period is meant for you to become stable and start an income-generating activity, like a small business. Such as getting a driving license to become an Uber driver or buying a sewing machine to create a clothes repair shop. You may also use the financial support to pay for rent or an educational course. It's up to you.

### ★ The amounts are fixed

The amounts for the reintegration support and cash support are fixed. You must know that the reintegration support is not paid in cash.

### ★ The plans need final approval by the Danish Return Agency

You must submit your reintegration plans to your contact person in CMM while in Denmark. They will submit your plans for final approval by the Danish Return Agency before your travel back.

### ★ Expect follow-up visits by the local aid organisation

When you return to your home country, you can expect follow-up visits from the local aid organisation for the next 12 months. They will follow up on your reintegration and ask about your progress with the financial support you were given. For example, how is it going with the small business, educational courses and your place of stay?

Empowering Trafficked People

## Our Services

### ✓ SUPPORT FOR HEALTH NEEDS

HopeNow can provide means for communal cooking and eating, trauma counselling, food packs, medicine, arrange luggage, medical tests, over-the-counter medication, clothes, top-ups of their travel cards, hospital visits or referrals to other actors.

### ✓ COUNSELLING AND 24/7 HOTLINE SUPPORT

We have a 24/7 hotline providing counselling, supportive/therapeutic/legal guidance, and information on state services. We have managed to step in in emergencies and help desperate people who need acute help.

### ✓ PRISON VISITS, ONLINE AND TELEPHONE COUNSELLING

We also provide ongoing contact with trafficked people and alleged victims in prison, e.g. supportive and therapeutic counselling. This also applies to long-term imprisonment.

### ✓ COOPERATION WITH PARTNERS

We aim to provide comprehensive support to undocumented migrants. In addition to our services, we cooperate with specialized lawyers and NGO's Reden International, Ami Ami and the Red Cross. We also cooperate with Center Mod Menneskehandel (a government organisation that coordinates efforts to combat human trafficking).
